PUBLIC FORENSIC DOSSIER: THE ':00.000'-SECOND EBS / QFS BOT RING

Prepared by The Ghost (@TheGhostwToast) • Public-Safe Edition (OpSec Verified) • October 2026

1. Executive Summary: Automated Cron-Bots Funneling Seniors into QFS Wallet Drainers

Forensic analysis of X (formerly Twitter) post metadata between October 23 and October 27, 2026, uncovered a coordinated network of automated and semi-automated accounts pushing identical 'Emergency Broadcast System (EBS) activation,' 'Quantum Financial System (QFS) ISO-20022 wallet registration,' and 'MedBed / NESARA' lures. Rather than organic commentary, these accounts operate as top-of-funnel traffic generators routing victims into Telegram 'Tier 4B Redemption Center' and XRP/XLM crypto-drainer channels.

@Daniell64334313 ('Danielle', ID: 1581006680183107585)	100% Automated Cron Schedule: Across 100 consecutive posts (Oct 22–25, 2026), every single post fired at exactly :00.000 seconds on the 15-minute mark (e.g., 14:15:00.000Z, 14:30:00.000Z, 14:45:00.000Z, 15:00:00.000Z) with zero human variance.	Floods 'EBS countdown,' 'MedBed,' and 'QFS gold-backed reset' hooks every 15 minutes to capture search/algorithmic impressions for QFS Telegram funnels.	X API snowflaked millisecond timestamp extraction (0.000s variance across 100 consecutive 15-minute intervals).
@Mr_Q_Q17 & @realQ17patriots ('Q / JFK Jr.' Operator Cluster)	Copy-Paste Operator Leak: On Oct 25, 2026 (status/2114390261213196452), @Mr_Q_Q17 accidentally pasted the header from another persona's post—including the literal string 'Big Daddy Alex West @BigDaddyAlexW Pinned'—inside its own 'EBS / MedBed' post.	Proves a single behind-the-scenes operator or script farm manages multiple 'Q / JFK Jr. / Patriot' accounts simultaneously, recycling identical scripts. @Bessent1776 ('Scott Bessent Commentary')	Government Official Impersonation + Recycled News: Uses Treasury Secretary Scott Bessent's name and likeness to post fake 'BREAKING: QFS / Gold-Backed Treasury Dollar' announcements (e.g., recycling 13-day-old news on Oct 26 as a 'live' QFS trigger). Blocked @TheGhostwToast within minutes of a primary-source community fact-check.	Exploits the authority of the U.S. Treasury Secretary (@SecScottBessent) to validate fake 'ISO-20022 / QFS revaluation' claims.
